Strong Locking

Sturdy Hinge

Applications

SI-0110FOW designed and manufactured mainly to serve the ice-cream retail vending and distribution. It is also used in milk, poultry and seafood vending and distribution for indoor and outdoor applications. The product is made from 100% plastic internally and externally with 90 mm wall thickness. It is designed with a utility space to keep accessories such as battery for night lighting, cups, cones, spoons etc. The product is also available in different colour combination and in temperature range between +2 to +8 degree Celsius.

Salient Features

- Top quality PUR insulated plastic container
- One piece product and durable
- Use of certified Fit for Food (3F) raw material with UV stability
- Insulation properties (K-Value) highest to give longer
- Easy cleaning and bacteria free
- Designed to handle Indian road conditions
- Designed for easy handling and zero corrosion from salt or sea freeze

Technical Specification

- Tecumseh/Emerson or equivalent compressor with 404 A refrigerant
- In-house formulated chemical composition
- High flow rate fan for good condensation
- Overloaded relay for protection from voltage fluctuation
- Also Available in DC
- Compressor with shock absorber mounting with rubber grommet
- Holding time 10-12 hrs. (temperature range -30 °C to -18 °C and -5 °C to +5 °C)
- First charging time: 36 hrs. Regular charging Time: 8 to 10Hrs
- Total Product Weight : 87 Kg.
- Lid Opening size : 300 x 255
