# SI-D0100P1

**Strong Locking**

**Convenient Drainage**

**Integrated Handle**

**Application**

**Stackable LID**

## Applications

SI-D0100P1 designed to replace the FRP (Fibre Reinforced Plastic) box in ice-cream industry in down south of India. The dimension remains the same of the FRP box but with additional advantage of longer life, easy to maintain, better insulation, off stock availability and flexibility with colour choice. It comes with self lockable lid and with or with drain facility. Designed to store, distribute and maintain ice-cream products in bulk from manufacture to retailer.

## Salient Features

- Unique in-house design and construction for durability
- Use of certified Fit For Food (3F) Raw Material and virgin
- Raw material with the highest quality check, purity and UV stability
- Insulation properties (K-Value) highest to give longest cold & hot duration
- High impact and crack resistant product
- High quality accessories with zero corrosion
- Options of some products with drain and without drain facility\*
- Designed for easy handling - manually, in transit and in process
- Easy cleaning and bacteria free
- Possibility for engraving, in mould & post mould label, screen printing and branding
- Easy tracking and accountability of each box with identification marking
- Packed in corrugate sheet and stretch wrapped
- Different colour combination possible\*
